"Education is a work of self-organization by which man adapts himself to the conditions of life."

E2 Classroom Activities: This week has been a busy one! We had a

"spooktacular" time on Thursday as we welcomed our costumed students. We

had a Haunted Library themed photo op area

"witch" the kids really enjoyed. As usual, we

took part in the Halloween Parade and got to

show our costumes off to the rest of the

classrooms. The parade ended on the soccer

field as the costumed students swirled into

what was like a bubbling cauldron. Some "mummies" and "dad-

culus" took pictures. What fun it was

to play outdoor games such as: eye

ball toss, shake your boo-ty, and Halloween musical

chairs. Upstairs in the classroom we split the class into

various teams and had a

"fangtastic" time working on a

Halloween escape classroom. Those children who were

looking for a scare had the chance to go to the Haunted

House put on by the middle school. Level 3 students take

time and much energy to create a super creepy

experience. What a hair-raising time! We also continued

our work plan this week along with play practice with the

goal set as being off script. We have many very talented actors!

Our big class trip is this year is to Sea Camp in the Florida Keys. The dates are May 6,7, and 8.

The remaining balance of \$635.00 is due November 15th

There will be some additional costs which we will share with you closer to the trip.

Mystery Math

I have a pound of feathers and a pound of iron? Can you please tell me which one weighs more?
