E2 Classroom Activities:

We have had a fantastic first week in the E2 classroom. The students were so happy to see each other again. When we asked the children what the best part of their summers were, several students excitedly shared that coming back to school was their favorite thing! The first few days were spent getting to know each other as well as learning and reviewing the rhythm and routines of E2.

We have had a number of ice breaking activities to bring the children together. One such activity was our "Get To Know You" bingo game. The bingo cards had spaces with such things as "has a half hour commute to school," "likes to eat broccoli," or "has an older sister" and they had to find classmates for whom these were true. The classroom was busy with questions and excitement as they learned things about one another. The students participated in a classroom orientation hunt which led students around the room to find certain items thus learning where things are kept. We also had an enjoyable lesson on how the miracle fruit temporarily changes how your taste buds perceive a sour food such as a lime. After chewing on a piece of miracle fruit, much to the children's delight, the lime tasted sweet instead of tart! We also began getting to work with math and grammar assessments in order to get ready for where they will begin in these areas. All in all, a wonderful start to the year. We are extremely eager and are looking forward to offering fun and experiential learning adventures to your children!

Our big class trip this year is to Sea Camp in the Florida Keys. The dates are May 6, 7, and 8. Coming soon will be more information regarding tuition fees and when a deposit is due.
