Center Montessori School

September 6th, 2019

*"Free the child's potential, and you will transform him into the world."*

*Maria Montessori*

**E2 Classroom Activities:** In our Montessori learning environment, order and routine are at the very foundation of the program. In our third week of school, we have been establishing the rhythm and habits of our classroom. One organizational tool we use is our weekly work plan. This week the fifth graders will be responsible for completing their work plan and next week, the fourth graders will be.

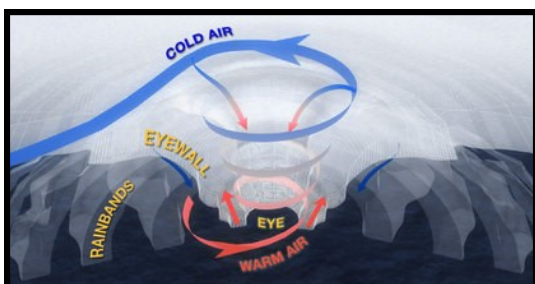

Another classroom habit we are working on is where and when to turn in completed work. Over time, these routines will begin to become internalized by the children. This will happen with our support during these first few weeks.

The students have also completed their math and grammar assessments and have begun working on their individualized work in these areas. In art, the students learned about and created incredible acrostic poems with which to decorate their crates. They have also begun the process of making their very own Nature Journals. In light of the recent local weather, we had

the opportunity to learn how a hurricane forms. We, as a school, are also taking part in donation efforts to help support those families in the Bahamas who need assistance.

Our big class trip is this year is to Sea Camp in the Florida Keys. The dates are May 6,7, and 8.

**\*NON-REFUNDABLE DEPOSIT  
OF \$100.00**

**DUE SEPTEMBER 23rd**

The remaining Balance of \$635.00 is due November 15th

## Calendar 2019

September 18- Picture Day

September 27- No School—Teacher retreat

*Thank You!*

Thank you to Wayne Leiser for helping haul some heavy items into our classroom as part of our hurricane preparations.

## Mystery Math

If you can purchase 8 eggs for 26 cents, how many can you buy for a cent and a quarter?
