I wanted to take a little time to reflect on the past few days. It has been a wonderful whirlwind of learning. Students are learning about our L3 environment and beginning lessons on their orientation work plan. We have had lessons in math, grammar, writing and reading comprehension.

It has been such a pleasure to welcome the new members of L3. These first days are such an exciting time for students and teachers. We have started creating a strong community. The older students have become mentors to our 6th graders and showed them how to complete their afternoon jobs, run the snack store, and have included them in games at recess. We are off to an awesome start!

**Important Dates**

- 8/23  Spelling 1
- 8/24  Sunset Parent Party
- 8/30  Vocab. 1
- 9/2   No School
