6th
Grade

February 22, 2019

Lessons this Week

This week the students focused on finishing their bridges and completing items on their work plans. One part of our grammar and language curriculum is the Albanesi grammar cards. They began this work in the E2 classroom in fourth and fifth grade and continued where they left off when they reached the sixth grade classroom. Students begin by taking a pretest on different skills. These skills range from sentence analysis, verb conjugation, composition, synonyms and antonyms, prefixes and suffixes, and word usage. Students are responsible completing four grammar cards each week.

This week we volunteered at FELT. We helped to pack over 700 bags of food for homeless children in Manatee county. Special thanks to Christine Bouquin and Joe Zejavac for driving!
