## Lessons this Week

We have had a busy week! Our geometry lesson was about the parts of a circle. Students learned about radius, diameter, arcs, chords, and circumference. We continued working on order of operations. We practiced solving some more challenging problems. The final activity for this unit of study was making chocolate fudge. The students had to solve math problems using the order of operations to come up with the correct measurements for the recipe. On Thursday we celebrated Pi day. Some of our students participated in a contest to see how many digits of Pi they could recite from memory. Petra won with 122 digits! We ended the day enjoying some slices of blueberry, key lime, cherry, apple, and chocolate pies. Yesterday our class enjoyed a delicious lunch at El Warike Peruvian restaurant. Our Spanish teacher, Elfi, has been doing a wonderful job working with the students and wanted to provide a practical life experience for them. They enjoyed yucca, lomo saltado, churrasco, calamari, papas fritas, and rice. It was a perfect outing!

Thank you to the following 6<sup>th</sup> grade families for sending in pies: Bouquin, Fulk, and Rizzo.

March 20	School/Class Pictures
March 21	Ross Greene
March 22	Early Out
March 25 – 29	Spring Break
April 9	Seussical the Musical
April 13	Spring Fling
April 15	SAT Testing Starts
April 18	L3 Dance
April 19	No School
April 22	Teacher Work Day No School
April 25	Band Concert
