## 6<sup>th</sup> Grade

### November 2, 2018

#### Lessons This Week

This week was busy with the students preparing for the Haunted House and Fun House. I think it was surprising to the 6<sup>th</sup> Grade students how much work goes into planning, setting up, running, and cleaning up the Haunted House. Our main focus this week was on individual assignments. We also had a group lesson that is always a fun one around Halloween. They learned about epitaphs and read some examples. Some were funny, "I told you I was sick" and some were from famous people such as Frank Sinatra, "The best is yet to come." Then they created their own and posted them on their lockers. The class all came up with silly epitaphs- some even involving unicorns!

#### Upcoming Events

- |                |                                  |
