# Nest Notes

August 23 2019

We have begun a wonderful start to our new year! We welcomed returning students who have settled in quickly to the familiarity. We have welcomed our new friends who are watching the others gaining new relationships and trust. It has been very exciting observing the children so excited and interested in their work. We are looking forward to a busy year of learning!

We began our week working on our relationships with the children as well as important ground rules as we know safety is always priority. To help your child with their success we encourage everyone to work on these at home for the child's consistency of understanding.

- \*We walk inside and run outside
- \*We sit when we eat
- \*We wait for our turn
- \*We go up the steps and slide down the slide
- \*We slide with our "Feet First"
- \*Sand stays in the sandbox (as to not fly up and hurt eyes)

Just a reminder to please pack a cloth placemat and napkin in your child's lunch box for them to unpack their lunch onto. This defines their space on the table and creates beauty for the child.

On Tuesday was our first day back with Ms. Alicia in our environment. She first came for a visit with the children and we had our first official music time Thursday. We have music on Tuesdays and Thursdays at 9:00am. While some friends came to the line right away, others watched from afar while also participating in the music activities. The children were engaged and very excited to see her!

Please let me know if you have any questions or if I can be of help in any way.

We are looking forward to next week!! Enjoy your weekend!!

Christine and Rosa
