

Nest Notes

December 21, 2018

It's been a busy week with our treasures being sent home throughout our week to decorate your homes. We enjoyed making our candles, reindeer, and working on lessons as we get ready for the new year. We had an exciting Friday with our pretzel dipping which was our finale! Thank you to our volunteers who made this happen. We appreciate all of our parents, your time and treasures you give us throughout the year.

The process is what the children love. Melting the chocolate, dipping, and of course you know a little tasting.

Pajamas were very fun as we had a very comfy day!

This week we say a reluctant goodbye to our friend Wyatt. While his family had to relocate, we hope to see him again next year. We will miss you!!

This month has moved so quickly as time just continues to seem to go faster each year. We have cherished getting to know all of our friends and spend the time each day we do with them. We love your little ones and know they will grow quickly and we are just a little blink in their life. We look forward to beginning a new year and watching them grow!

Nest Notes Continued...

We cannot create observers by saying 'observe', but by giving them the power and the means for this observation and these means are procured through education of the senses.
