"Early childhood education is the key to the betterment of society." Maria Montessori

E2 Classroom Activities: .What a thrill to see all the happy faces

come back this new year! They are all so excited to be back in school with old friends and a few new friends. We had three students beginning this week. We are delighted to welcome Bianca Burketova, Willow Weisblum and Nina Zigova They are such wonderful additions to our classroom

community. The weather has been glorious this week and we took advantage of it by having a new lesson in our Nature Journals. Besides observing nature we have also taken some extra time outside for recess and games. Meditation is also something that we are learning about this term and we had a brief presentation on the health advantages of silence and introspection. Students are finishing up their anatomy

projects and these will be coming home soon. The children have done excellent work and they have a lot to for which to be proud. Soon we will begin the study of chemistry. We

completed our final week of rehearsals for the play and the children worked so well to perfect their roles. We were so excited to share all of this hard work with you at the performance on Wednesday evening!

May 8-10, 2019

Our big class trip is the amazing Nature's Academy program - The Water's Journey. T

The remaining balance of \$525.00 is due February 1. There may be some additional costs which we will share with you closer to the trip.

If you would like to know more about the program please reach out to Jayne or Susan. You can also follow this link: <https://www.naturesacademy.org>

Please click on this link to register your child
