

Center Montessori School Opens New East County Campus

Center Montessori School, the longest running Montessori school in Manatee County, is expanding to East County, starting January 7, 2020. The school will begin with a Primary classroom serving children ages 3 through 6 years of age, with traditional Montessori instruction and will be housed in the Peace Presbyterian Church facility among acres of undeveloped, pristine land, 12705 East State Road 64, Bradenton.

The East Campus will offer the same level of excellence in Montessori education and personal attention to families that the school has offered at its Bradenton campus, originally established in 1976. Educators at Center Montessori School look forward to bringing a personalized education and the Montessori way of life to East County families.

To get an idea of what a Montessori classroom and curriculum has to offer your child, you are invited to attend one of the two Open Houses that will be held at the East campus: December 10th from 9am -11am and December 14th from 10am -12pm.
