

6th Grade News

Dec. 11, 2020

This week the students participated in a science investigation to see how gravity affects a burning candle. We found some new challenges for our class meetings. The students enjoyed a Sudoku puzzle and this morning they worked together to solve Rebus puzzles. Our class is working hard to finish up the work cycle before the semester ends. It has been a great first semester!

Important Dates

12/15	Holiday Gift Shop
12/16	Book Report
12/18	Early Release
12/21	Winter Break
1/5	Students Return
1/13	School Pictures
1/18	No School

This is certainly the season of giving! Many of our students are participating in our annual Oompa Loompa gift exchange.

This is like having a Secret Santa, and the students are having so much fun trying to figure out gifts to buy for others.

Our class is also supporting Adopt a Family. The students were so surprised to see that there were not any toys or electronics on the list. These 5th grade students need socks, blankets, and hoodies. Our students graciously signed up to help purchase these necessary items.

**Don't forget :
Book Report Due
December 16**
